Experience

University Projects

Tenuto; Robot Piano Tutor

- > Our interactive product demo was regarded as the best out of the 23 teams, according to an industry panel.
- > My practical expertise and creative ideas drove the product design and made the team flexible to implementation challenges, ultimately avoiding a fabrication problem that would have caused the team to miss a critical deadline.

Edinburgh cycle share - data analysis and presentation project

An animated visualisation I created for this project spent a week as the top post on r/dataisbeautiful:
